86" LED Light - Bar Display (Ground)

Flexible Operation

USB multi - media playback function.

Streaming network message sending function.

Reduced Total Cost of Ownership

Advanced LED technology offers uniform light scattering.

White LEDs (light - emitting diodes) placed around the panel's edge enable even light distribution, cutting power use and heat, and ensuring uniform colors.

Optimized for Public Viewing

1xUSB port.

HDMI, DP high - definition input ports.

Sustainable and Safe

RoHS - compliant, eco - friendly.

IP54 - rated for industrial use. By special design and component selection, the product resists dust, water, moisture, and salt fog, meeting strict work environment requirements and adapting to various climate conditions. It's designed for heavy - duty, 24/7 operation.

Technical Parameters

Items	Specification
Panel Resolution	3840x600
Optimal Resolution	3840x600, 60Hz
Brightness	500 cd/m²
Contrast Ratio	500000:1
Response Time	8ms
Aspect Ratio	58:9
Viewing Angle (Horizontal/Vertical)	178°/178°
